Analysis and Observation Of Student Satisfaction Survey

2018-19

Introduction

Online Student Satisfaction Survey was conducted for the students of our Institution of all faculties. A questionnaire was designed by the IQAC and uploaded as a Google questionnaire from on Institution website. A shareable link for survey was provided on institutional website. All students with their unique login ID as birth date & year, while password as PRN number logged in and attempted the questionnaire. The analysis was conducted based the statistical output of the students response after the survey. Below is the analysis and action taken report.

- 1) The percentage of thorough preparation for the classes is found 51.10%, 36.90% is observed under satisfactory category. A little percentage of poor preparation, indifference is observed too. The report shows that there is also a little percentage with the teachers who don't teach at all.

Action taken: Teachers are encouraged to opt for more ICT tools and LMS

- 2) In the communication ability of the teachers, effective communication ability at all the times is quiet impressive with the number 56.50%, 29.20% of the teachers are observed to have effect sometimes. The percentage of effectiveness at satisfaction level is shown 8.90% where as there is a little percentage of teachers who are generally ineffective or with poor communication abilities.

Action taken: To enhance the teacher: student communication more effectively, strengthening of mentoring committee was decided

- 3) The teacher's approach to teaching scored is excellent category with percentage 41.4, 36.5% of teachers have very good approach towards teaching. The teachers with 20% come under good segment whereas a little percentage is shown with the teachers who are fair and poor in their teaching approach.

Action taken: Teachers are encouraged to opt for more ICT tools and LMS

- 4) 35.20% students strongly agree that the institution provides multiple opportunities to teach and grow. The percentage who agrees with the opinion is 48.40% with higher portion. 11.70% students are observed to be neutral in their opinion. There is very little percentage who disagrees with this and little more who strongly disagrees.
- 5) 56.80% students have opined that the teacher identifies their strength and encourage them with providing right level of challenge. The observation shows that 24.80% teachers are in reasonable segment with this criteria. The teachers with 12.50% come under partially category whereas there is some percentage of students who feel there is slight number of teachers who identify their strength and encourage them with providing right level of challenges. However there is little percentage with the teachers who are unable to do so.
- 6) 59.60% percentage of the students is of the opinion that the teachers are always able to identify their weaknesses and help them to overcome it. 26.1% teachers usually do so. There is some percentage of teachers who identify their weakness sometimes. A little percentage of teachers is observed to identify it rarely or never.
- 7) 50.30% students opine that the institute/teachers use student centric methods for enhancing learning experiences to great extent. Percentage with 30.5% feels that it is used moderately. There is some what percentage who believes that it is used. The chart show that there is some percentage of students who find it 'very little' or 'not at all'
- 8) 39.60% students strongly agree that the teachers encourage them participate in extracurricular activities. 42.30% agree to this opinion. 12.30% students are neutral about it. There are some percentages that disagree with it or strongly disagree with it.
- 9) 49.80% students feel that teachers and institute make efforts to inculcate skills, life skills and employability skills to make them ready for the world of work. 32.10% students feel the efforts are made moderately 8.90% students feel that the teachers and institute take somewhat efforts for it. There is reasonable percentage of students who observed that very little efforts are made or efforts are not made.
- 10) 41.10% students strongly agree that the overall quality of teaching learning process in the institute is very good. 43.30% agree to it, are observed to be neutral about it. A little percentage of students disagrees to it or strongly disagrees to the outcome.
